Curriculum Vitae

About me

I am studying Multimedia design with focus on front-end development. I love creating responsive and colorful websites. I am a quick learner and love learning new things about coding. I can work independently but I am also team oriented and easily get along with others in a team setting.

Skills

HTML5 + CSS3

Broad understanding of both HTML5 and CSS3

Vanilla JS

Decent understanding of functions

Wordpress

Decent understand of Wordpress. I am able to create themes, but I have mostly maintained an already built site.
